Counselling

Counselling is arranged by the college for girl students in three major areas i.e. Counselling related to academics, career and behavioural patterns. One faculty member is allotted as a counsellor for 20 students. Faculty calls the parent and discusses the academic progress of the ward. Students should meet the counsellor once in 15 days. Parents of the students are timely informed wherever the necessity arises such as lack of attendance and poor academic performance.

We care for our student's health and wellness. We believe that healthy minds produce productive results. The campus is well provided with an experienced and amicable in house doctor who takes care of the wards round the clock.

Our campus is enabled with first-aid centre. It is monitored by our members of faculty both male and female. It is equipped with needed first- aid medicines.

Women safety and care is our utmost priority. We facilitated a separate well-furnished ladies waiting hall with necessary amenities. Ladies can take rest when they are sick after taking required first-aid.
